Contract: We are not an arts and crafts facility. We intend to take your student as far as possible in the medium he/she is interested in. Therefore, discipline issues, disrespect or attitudes will be dealt with by asking you to pick up your student.

Students are expected to be on time. Arriving late distracts from instruction. Teachers cannot bring late arrivals up to speed without taking instructional time away from others.

Students are expected to place phones, and all other electronic devices in backpacks or on storage shelves in order to be able to fully participate

Students are expected to follow directions and try new techniques and ideas.

Students are expected to enjoy the classes and each other while they learn from our outstanding teachers!

I understand the Salado Arts Workshop Contract and agree to be a positive active participant and/or supportive parent.
